

## **THE TEAM SPIRIT AT VSSM:**

Only selfless dedication and untiring hard-work of its team members has made it possible for VSSM to endure and overcome the challenges that it faces every day. The organization is now a formidable team of, spread over 46 blocks of 8 Gujarat districts, a far cry from the days of Mittal's 'One person army' during the initial times. Today, Managing Trustee Mittal Patel continues to mentor, encourage and guide the team.

Deliberate effort has been made to select the grassroots team of the organization from the NT and DNT communities. These young team members are aware of the daily challenges that the communities face and hence with necessary guidance and support from management team, are able to effectively address them. And in the process, they showcase tremendous perseverance, presence of mind, adaptability and dedication. Many a times work does get frustrating and depressing however all such moments are short lived, as these team members never lose sight of the larger goal viz.- empowerment of the NT and DNTs.
